

German Junior 2013 (7 - 10 March)

The City ,

Berlin is a beautiful city with a great history that we can see all around the city.

The organization provided transport between the airport and the hotel . The walking distance to the hall was less than 10 minutes.

Catering, Organization,

The organization has provided us with one meal per day plus daily allowance . In the hall we always had snack and drink during the tournament. Saturday morning we had a city tour only for foreign umpires which was the shift off for us.

Hall, Referees and Umpires

A hall with 6 courts and a practice court in a separated area in the main hall.

Our referee was Carsten Koch from Germany and deputy referee Hans Krieger also from Germany.

18 Umpires: Germany(11), Belgium, France , Italy, Netherlands ,Romania, Sweden and Austria .

We also did line judging in semi finals and finals but before that we didn't have line judges.

I had around 30 duties including umpire in MD for a semi final and the final.

The tournament was a very good experience for me with many good matches.
